Spectrum Fine Cabinetry: spectrumkitchens.com

Spectrum Cabinetry is proud to announce our partnership with the prestigious Alina Residences in Boca Raton. Nestled in the heart of Downtown Boca Raton, this exclusive luxury community, designed by renowned architectural firm Garcia Stromberg, offers an unparalleled living experience. Boasting a prime location along pristine Mizner Boulevard, residents enjoy easy access to the upscale shops at Mizner Park and the championship golf course at the Boca Raton Resort & Club, with the beach just minutes away. Spanning over eight acres, Alina offers panoramic city and golf course views, complemented by ample green space.

The Alina Residences, comprised of three nine-story buildings, epitomize luxury living with meticulously designed bathrooms, exquisite kitchens, and seamless outdoor spaces. Featuring cabinetry and bespoke fixtures from Spectrum, our designs are imbued with luminous finishes that encapsulate the essence of a resort-inspired lifestyle.

Key Features: All kitchens are adorned with soft-touch matte lacquer cabinetry seamlessly integrated without handles, ensuring a sleek and minimalist aesthetic. The inclusion of glass pantry cabinets, illuminated thoughtfully from within, provides a captivating display space for showcasing fine china and cherished decorative pieces. A standout feature in every kitchen is the custom-designed and fabricated metal hood, serving as the focal point and adding a touch of artisanal craftsmanship to the space. Additionally, the clever integration of hidden entry doors disguised as cabinetry offers discreet access to the pantry room, optimizing space efficiency and maintaining the kitchen's seamless design.

Each master bathroom boasts a sleek soft-touch matte white lacquer vanity and uniquely crafted mirrored medicine cabinets. These mirrored medicine cabinets are equipped with integrated exterior lighting, streamlining your preparation routine. Inside are internal mirrors illuminated to perfection, ensuring effortless access to your toiletries.

Outdoor kitchens are crafted from marine-grade stainless steel, powder-coated in white, and boast integrated handles for a seamlessly clean and sleek aesthetic.

ABOUT SPECTRUM: Established in 1976, Spectrum takes pride in its heritage rooted in Italy's esteemed furniture district. Our production facilities are strategically located in this hub of craftsmanship, where multi-generational artisans infuse their expertise and dedication into every piece. With a commitment to time-honored techniques and woodworking, we consistently craft cabinetry and products of unmatched quality and beauty.
